

## Roller Blinds & Pelmets

All Window Solutions are pleased to now offer you our latest fabric offer. We can now offer you a printed fabric either in a translucent or block-out fabric. Along with our Roller Blind Pelmets.

You may have a nice photo from your recent holiday or photos of the children, a design in your lounge or even a print that catches your eye that you love well now you can have it printed on fabric and turned into either a roller blind, Holland blind or panel track blind. Why not Motorise it?

On your next in store promotion you could have a blind printed with your sales items on it so that it can be placed in your front window along with your company details showing what is on sale.

The maximum print width is 183cm wide, all you need is a nice clear photo or a PDF copy that can be enlarged.

You will see above we have printed our front cover of our price list and have also printed our logo to go onto our pelmet.

Photo 1

Our **PELMET** is made here in Sydney and is available in three widths and three different drops.

Pelmets are a nice way to finish off your roller blinds and also helps keep out light and heat from the window.

Photo 1 Has our printed fabric along with a pelmet with printed fabric.
