The Q BOTTOM Bar

AWS has this year released our new Quiet Bottom Bar.

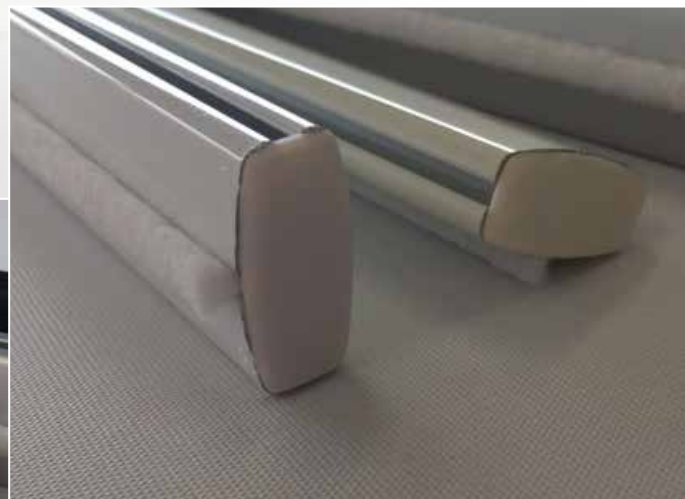

Do you ever get annoyed when your windows are open and the blind keeps banging on the window?

Don't want to screw or attached something to your window or blind to stop the banging, well we can help you with this, with our now bushed bottom bar.

Available in 4 colours - White, Birch White, Black & Matt Satin.

Our Q Bottom Bar acts as two different finishes, either used as a standard bottom bar or the bottom bar can be completely covered by your fabric and still have the cushion behind.

The Q bottom bar is now available complete with matching end caps. There is an extra charge when added to a Made To Measure blind. Product is only used on our Made To Measure Products.
